

Stay Safe with Our Preferred Pharmacy

Our partner for safer, stronger medication management.

The Food and Drug Administration estimates that 1.3 million people are injured by medication errors annually in the United States.

AARP

We rely on partnerships to make senior living safer.

Partner pharmacies safeguard our residents and help prevent medication errors. We chose to partner with Mullaney's, a Guardian Pharmacy, to provide our community with the best possible safety, care, and value. You will receive that same peace of mind and many other benefits from Mullaney's.

Messy med cart, because multiple pharmacies are being used.

Organized med cart, thanks to Mullaney's.

Organized med cart, thanks to Mullaney's.

Less Risk. More Value.

Avoid medication errors and ensure you receive the correct medications on time.

Guardian OTC SaverSM

Avoid breaking your budget with neatly organized OTC medications at competitive pricing.

Insurance Optimizer Program

Unlike retail pharmacies, Mullaney's guides you to select the best Medicare plan specific to your needs and interfaces directly with your insurance company and doctors to get medications covered – generating significant savings for you.

Save Time

No more frustrating trips to your retail pharmacy. Mullaney's makes both regularly scheduled and 24/7/365 emergency deliveries, helping reduce interruptions and exposure from multiple outside delivery drivers.

Enhanced Safety

Unlike retail pharmacies, Mullaney's provides added value, like medication regimen reviews and thoughtful safeguards that help you avoid medication errors.

Community Education

Mullaney's provides specialized training to our staff, covering topics like fall prevention to give you the best care, while also giving you in-person advice and help with important matters like Medicare planning.

Emergency Evacuation Medical Plan

Don't let emergencies derail your medical needs. In case of an emergency evacuation due to natural disaster, Mullaney's coordinates medication delivery to your new community location (prior to the evacuation) so you receive consistent care.

Less Risk, More Rewards.

When you choose a retail pharmacy over our preferred pharmacy, you raise your level of risk and decrease our community's efficiency. By choosing Mullaney's, you can reduce the risk of medical errors and ensure you're getting the right medications, right on time.

Mullaney's

Specialized in senior care, and closed to the public for the highest security

Pharmacists with a 360 degree view of your entire drug regimen, across all your physicians

Pharmacists coordinate your medications across all your physicians to ensure compatibility

Pharmacists coordinate with insurance companies to get coverage for uncovered medications

Get your medications in smart packaging, separated down to the day and hour, which makes it safer and easier to distribute the right meds, right on time

Advanced technology smartly packages and digitally monitors your medications, and you get quarterly reviews of your entire medication regimen

Interfacing with our electronic medical records (eMAR) to ensure your medications and dosages are correct

Provides natural disaster support, including planning and coordination of your prescription deliveries during emergencies

Billed retroactively at the end of the month, and no up-front payments are required

Get 24/7/365 emergency deliveries, plus local support with your prescriptions, billing, insurance, and Med D

VS

Retail Pharmacy

No specific patient care focus, and open to the public

Incomplete view of your drug regimen

More difficult to coordinate medications across all physicians

Little to no coordination between insurance companies for uncovered medications

Dispense pills in a bottle, making it harder to accurately and efficiently administer your meds

Fewer safeguards, reviews, check-ins, and no packaging technology

Unable to interface with electronic medical records (eMAR) technology

Do not provide natural disaster support, so your prescriptions will not be delivered

Make you pay up-front immediately

Limited hours, availability, support and you have to go pick up your meds

A Better Kind Of Local PharmacySM

Welcome to Mullaney's.

We partner with Mullaney's to provide the best possible safety and care for you and our community.
